**II. Basis for Jurisdiction**

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

7. Breach of the Moroccan Treaty of Peace 1787-1836 Article 16&24.

C. What are the facts underlying your claim(s)? (For example: What happened to you? Who did what? Was anyone else involved? Who else saw what happened?)

1. Between 1619 - 1865 Licensed by THE UNITED STATES, white Americans' (1) manufactured slaves through forced human experimentation using trade secrets to subject naturally occurring people of Moorish/African descent to a scientific manufacturing method of "Dehumanization", (2) reduced their genetic situation and status from natural people to subhuman conditions, (3) reduced their legal status to real property and (4) trademarked and marketed them as "Slaves", "Negros", "Niggers" and "Blacks" as a method of commerce regarded as "American Slavery" and stole the Birthrights of the Moors of the Northern Shores of this Hemispheres who are the direct descendants of the Moroccan Empire and referred them as Negro Black and Colored.

2. 1865 President of THE UNITED STATES, Abraham Lincoln committed gross federal negligence and national deception, by failing to suspend intellectual property rights from white Americans' in the 13th Amendment, retaining the

UNITED STATES DISTRICT COURT SOUTHERN DISTRICT OF NEW  
YORK

---

constitutional legality for white Americans to benefit from owning the intellectual properties of (1) dehumanization as a trade secret method to reduce black people's genetic situation and status to the condition of a slave, (2) slaves as scientific productions, (3) slavery as a method of commerce, (4) the words "Slave", "Negro(e)", "Nigger" and "Black" as trademarks, (5) derivative trade secrets for the slave manufacturing methods that continues to this day.

3. THE UNITED STATES currently represented by DONALD J. TRUMP has historically assigned and leveraged the intellectual property rights of (1) dehumanization as a historic manufacturing method to reduce the genetic situation and status of humans to the condition of a slave, (2) slaves as a historic scientific production, (3) slavery as a historic method of commerce, (4) trade secrets associated with the historic slave manufacturing process and (5) continues to manufacture slaves using updated manufacturing trade secrets for dehumanization, (6) has benefited and continues to benefit astronomically from unjust enrichment derived from the ownership of said intellectual properties which is conclusively immoral and violates federal treaties governing human rights, rights of indigenous peoples and the use of science and technology.

**IV. Irreparable Injury**

Explain why monetary damages at a later time would not adequately compensate you for the injuries you sustained, are sustaining, or will sustain as a result of the events described above, or why such compensation could not be measured.

1. The trade secrets used to manipulate the natural genetic situation of the Moors of this Region in America between 1619 - 1875 continues to this day with modified methodology and requires several generations to repair the damage according to the standard scientific method of reverse engineering. The true justice for the crime of slave creation is the reversal of the methodology used to produce such vile realities. Many of the victims will not survive long enough to celebrate the repair of the damages suffered. The true monetary debt, morally owed to those living today as slaves, negroes, niggers and blacks by virtue of their unalterable genetic situation and the intellectual property rights associated with it, is nearly beyond incalculable and a diverse range of distinct solutions must be successfully and separately initiated and completed by different generations of Moors in America.

**VI. Relief**

UNITED STATES DISTRICT COURT SOUTHERN DISTRICT OF NEW  
YORK

---

1. ABOLISH SLAVERY: For failure to abolish slavery due to negligence in the 13th Amendment, this injunction requests the court to completely abolish slavery by ordering the cancellation, revoking, permanent termination of and making illegal all ownership rights and licenses to the intellectual properties of (I) dehumanization as a manufacturing method to alter and reduce the genetic situation and status of humans to the condition of a slave (2) slaves as a scientific production (3) slavery as a historic act of commerce and (4) trade secrets for historic and modified dehumanization methods, with emergency legislative action of rewriting the 13th Amendment together with elected representatives of the slave derivatives, elected by the slave derivatives living in America, Known as the Moorish, the Beys and ELs realizing Abraham Lincoln's neglect has exposed the 13th Amendment as invalid due to falsification and deception on a federal document that is the foundational instrument for decades worth of other legislation. Furthermore Congress never fulfilled its obligation pursuant to April 9<sup>th</sup> 1864 yeas and nays concerning the 20 sections of the 13<sup>th</sup> amendment, however, it was never enforced.

2. REVERSE ENGINEER THE METHODS USED TO DEPRIVE MOORS OF THEIR NATIONALITY AND BIRTHRIGHTS: Acknowledging America as

UNITED STATES DISTRICT COURT SOUTHERN DISTRICT OF NEW  
YORK

---

a melting pot it will take a cooperative effort of all people on the land to reverse the stain of slavery on American History so we are requesting the court to order THE UNITED STATES to scientifically re-humanization of all living and consenting Moors referred to as slave, nigger black and colored derivatives and their descendants for a minimum of 7 generations (each generation considered as 28 years), according to the scientific method utilizing black America's mass migration 2027 national cooperation as the ideal and scientifically compliant framework to provide the controlled environments for reversing the dehumanization methods that created the genetic situation and status of slaves and enabled slavery.

3, Re-Affirm the recognition of the Treaty of Peace and Friendship 1787-1836 with the descendants of Moroccans, namely Moorish Born in America:  
Acknowledging the essential role "Fear" played in the dehumanization method leveraged by THE UNITED STATES and its licensees to manufacture slaves, this injunction requests the court to consider the sensitivity of the psychological state of fear and trauma the victims currently exist in by ordering THE UNITED STATES to develop and a legitimate body to re-affirm with the descendants the Treat of Peace and Friendship with the Moroccan Empire from the breach of its agreement

UNITED STATES DISTRICT COURT SOUTHERN DISTRICT OF NEW YORK

and manufactured Slaves, recognizing their full diplomatic capacity as beneficiaries descendants of the Moroccan Treaty and to require all political / social / economic / legal / other official engagements between the US and the victims to be addressed through that diplomatic channel created in order to offer a level of safety assurance providing evidence of State Level cooperation and interest in atoning for American Slavery.

4. DEVELOP MUTUAL RESTITUTION AGREEMENT: Unjust enrichment carries a mandatory restitution rule. So acknowledging the astronomical debt of approximately \$1,284,876,372,763,481.90 minimum owed to Moorish- American who were forced into slaves being nearly unrealistic for one generation of Moorish- American Slaves to receive at one time and the

extreme strain such justice would place on other citizens of THE UNITED STATES, we're requesting the court to order THE UNITED STATES to develop a mutual restitution agreement together with the Congress of the Members of the International Moorish Institute , conscious and un-conscious Moorish Society at Large in America to identify the best strategies of leveraging U.S. resources including, but not limited to finance, tax credits, insurance, state owned properties etc. to atone for the crimes against Moorish-Americans referred to as Negroes Black

and Colored by the state and the 22 States Owed by President Abraham Lincoln  
April 9<sup>th</sup> 1864 38<sup>th</sup> Congress 1 session.

5. CORRECT THE 2009 APOLOGY FOR SLAVERY: We are seeking the  
court to order S. Concurrent Resolution 26 apologizing for slavery to be  
rewritten for alleging slavery was abolished when in fact it was not abolished as  
intellectual property rights were retained and to officially acknowledge the reality  
of dehumanization of the Moors, slaves and slavery as intellectual properties and  
the benefits that continue to be received as a result of the negligence of

Abraham Lincoln with the 13th Amendment and 20 sections April 9<sup>th</sup> 38<sup>th</sup>  
congress 1 sessions.
